DEPARTMENT _____

On Wednesday, May 4, 1983, this office received a call from fire marshall Jim Dancy about a gasoline odor in the sewer at Fort and University and Stanford on Tuesday evening. He said he could smell the gasoline in the manhole, but that it didn't register on the explosion meter. Bob Corson & I checked manholes #17 at Fort & University, #12 on south Fort and #22 at Fort and Stanford. We didn't smell any gasoline at this time and nothing registered on the explosion meter. We will check this area at a later time.
